Before ordering shipped semen you may set up your own FedEx account, call 1-800-463-3339. You will be charged the lowest shipping rate. Put account # on order form and/or call Rainbow Equus Meadows with it when ordering semen. You may also authorize Rainbow Equus Meadows to charge the FEDEX cost on your credit card.

Call Edgar or Susan at Rainbow Equus Meadows when your mare foals or on the first day of her heat cycle on which you wish to breed her. If you wish to bring your mare to our farm for breeding you can discuss that with Edgar or Susan as well. Explain to your veterinarian that the stallions may be collected in the morning and that notification is needed by 9:00AM (Pacific time) via phone or via fax the morning semen is to be shipped. When faxing semen request use included fax form. It will give both parties a record and eliminates mistakes. Make as many copies as needed.

A valid credit card # is required prior to shipment of semen. This is used to cover container, collection and shipping costs as they occur. The CC # must be received prior to ordering semen.. Each collection is \$97 and container \$27 which will be charged on your CC as they occur.

Request for semen shipment must be made by 9 AM via phone or via fax of the day of semen shipment. Same day orders after 9 AM will be fulfilled if possible but can not be guaranteed and will be charged an extra \$50. Please inform your veterinarian of this time deadline so he/she can schedule examinations accordingly and save you money. **Fax communication is preferred.**

The shipping containers we use are high quality disposable. They cost \$27 but will save you more \$ on shipping as they are lighter and do not need to be shipped back. 2 doses are shipped in syringes for clean, quick handling. Equitainers are only used on request. Approximate transportation costs are: FedEx: \$75.00 and if needed Air Lines Counter to Counter: \$90.00; Courier Service to Airport \$117.00.
